

Purpose

The purpose of the scholarship is to encourage and reward educational excellence as well as to respond to the financial need demonstrated by the surgical technology student and offer assistance to those who seek a career in surgical technology.

Selection Process

1. Selection is based on academic excellence and financial need combined. **Applicants must be studying in a CAAHEP-accredited surgical technology program.**
2. Scholarships are awarded based on the information provided on the application and the transcript. Applicant must provide official course fee schedule from the educational institution for the courses they are taking, in addition to official transcripts and a mentor reference form.

Amount Awarded

Scholarships will be awarded with the amount determined by the Board of Directors of the Foundation for Surgical Technology on the basis of merit and financial need. Scholarship winners and their institutions will be notified directly after conference. The names of the winners are also published in the official AST Journal and on the Foundation website.

Funding

Scholarship funds are provided entirely through contributions to the Foundation for Surgical Technology by individuals, AST constituent divisions, corporations and others who desire to support the scholarship program of the Foundation. Contributions will be recognized in the AST Journal and the Foundation website. Winners will be required to provide a photograph, background information, and a statement of professional goals.
